 **KARLOVAC** kroz godinu

Četiri godišnja doba na četiri rijeke

Možda je istina da svi putevi vode u Rim, ali sve ceste prolaze kroz Karlovac. I upravo je Karlovac mjesto na kojem možete zaustaviti vrijeme i otkriti kako živi grad na četiri rijeke u četiri godišnja doba. Mi ga volimo oduvijek, a na vama je da zavolite svježe rascvjetane boje karlovačkih proljeća, ljetne modro-zelene boje rijeka, jesenje šuškavo smeđe parkova i kristalno bijele boje tihih gradskih zima.

U bilo koje godišnje dobu, vrata Karlovca otvorena su za vas i otkrivaju jedinstvene lokacije na kojima se doživljaji pretvaraju u uspomene što traju još dugo nakon povratka. Tu su Aquatika – jedinstveni slatkvodni akvarij u kojem možete zaviriti ispod površine rijeka i vidjeti zašto je Hrvatska najbogatija zemlja Europe kad je riječ o riječnoj flori i fauni, i Muzej Domovinskog rata Karlovac -Turanj, s posebnom zbirkom naoružanja na otvorenome, kao vječnim simbolom pobjede Karlovčana u svim ratovima ovih prostora.

A kad ste već tu, ostanite! Imamo za vas paletu događaja, naslikajte vlastitu sliku uspomena na temu četiri godišnja doba na četiri rijeke.

Proljeće

Nakon što maškare otjeraju hladne duhove zime, gradom zavlada proljeće. Nije to neko obično proljeće kao što proljeća znaju biti. Karlovačka su proljeća uživanje u životu! Vrijeme je za buđenje svih osjeta, a na vama je da odaberete želite li uživati u bojama cvjetnih nasada, mekoći trave u parku na Proljetnim promenadama ili zvuku gitare uz miris roštilja na Korani.

Ako ste već bili u Karlovcu u proljeće, znamo da ćemo se opet sresti. Ako niste, priuštite si luksuz sebičnosti – ovo je grad za oporavak od užurbanog stresnog svijeta. A ako baš volite užurbanost, prijavite se na Karlovački cener, utrku oko Zvijezde u kasno proljeće, i pobijedite vrijeme!

Four seasons on the four rivers

It may be true that all roads lead to Rome, but all roads also go through Karlovac. And this is the right place for you to stop the time and discover the life of the town on the four rivers during all four seasons. We have always loved it and it is for you to fall in love with the freshly blossomed colours of the Karlovac springtime, the summer blue-green colours of the rivers, the autumn rustle of all those browns in the parks and the crystal white of the silent winters.

At any time of the year, Karlovac's doors are open to you, revealing unique locations, where the experiences turn into memories lasting for a long time even after you have returned home. You can visit the Aquatika aquarium – a unique freshwater institution offering a glimpse of the rivers beneath the surface, as well as the reasons why Croatia is Europe's richest country in terms of river flora and fauna. You can also visit the open-air Homeland War Museum in Turanj, with a special arms and military equipment collection, as an eternal symbol of the locals' victories in all the wars in this region.

And while you're here, why don't you stay a bit longer? We offer a whole palette of events, so paint your own picture of memories from the four seasons on the four rivers.
