

KARLOVAC *info*

Karlovac, grad na četiri rijeke, grad parkova, grad Zvijezda, grad piva, grad susreta. Grad odraza zvjezdane prašine i mirisa zaustavljene vječnosti. Nebrojene asocijacije na Karlovac uvijek su nova inspiracija za posjet i razgled grada. Kupanje na Korani, veslanje na Kupi, šetnja uz šančeve oko stare Zvijezde, odmor na starom gradu Dubovcu, uživanje ispod šarenih vitraja crkve Presvetog Trojstva, mir u Nacionalnom svetištu svetog Josipa ili ispijanje kave ispod rascvjetanih kestena stare Promenade, sve to čini šest dimenzija avanture posjeta Karlovcu, poput šest krakova povijesne jezgre. Posjet Karlovcu igra je slaganja mozaika, a slika grada složena je tek kad ste otkrili sve njegove kutke.

Najstariji dokazi o ljudskom prisustvu na području današnjeg Karlovca sežu do 3500. godine prije Krista. Gradnja tvrđave Karlovac započela je 13. srpnja 1579. godine i svake godine na taj dan slavimo rođendan. Izgrađena je u obliku šesterokrake zvijezde i primjer je idealnog renesansnog grada. Puna tri stoljeća bio je vojni grad, a nakon toga dobio je status Slobodnog kraljevskog grada. Početkom 19. stoljeća bio je najbogatiji grad Hrvatske zahvaljujući obrtništvu i trgovini. Kamo god krenuli na putovanje po Hrvatskoj, Karlovac je točka kroz koju morate proći. Jesenske magle katkad ga sakriju od pogleda, ali budite znatiželjni i otkrijte što krije. Radićeva ulica koja spaja Kupu i Koranu, slatkovodni akvarij Aquatika, kazalište Zorin dom, gradski muzeji, spomenici kao tiki svjedoci povijesti i kulture, parkovi, mali intimni restorani i klubovi, kupališta, mostovi, Žitna lađa, Ivanjski krikes, Zvjezdano ljeto, Riječno kino, Rođendanski bal, Dani piva i mnoga druga gradska događanja... ili ako vam treba odmor od svega uputite se kao Mali princ, sasvim polako, do izvora vode na koranskoj obali i uživajte u čarobnom izlasku Sunca dok se budi grad.

Karlovac ima posve osoban odnos sa svakim od nas, bilo da smo rođeni u njemu, bilo da smo tek prolaznici. Jer i najsitniji trag stope na tlu grada bit će neizbrisiv i za Karlovac i za sve koji su se ikada zatekli u njemu. Neka to bude trag s osmijehom!

Karlovac, the town on four rivers, the town of parks and beer, star-shaped town, the town of encounters.

Karlovac, the town of stardust reflections and the scent of eternity suspended in time. So many things in connection with Karlovac are always a fresh inspiration to come and visit the town and take a stroll through its streets. Swimming in the Korana river, rowing on the Kupa, walking along the old moats surrounding the star-shaped Old Town, some quiet time off near the old Dubovac Castle, relaxing under the beautiful colours of the glass windows of the Holy Trinity Church, the serenity of the St. Joseph National Sanctuary, or simply having a cup of coffee under the flowering chestnut trees along the old Promenade... all these things make the six dimensions of the adventure of visiting Karlovac, just as its historic centre was built in the form of a six-pointed star. Visiting Karlovac is just like making a mosaic: the picture of the town will be complete only after you have discovered all its nooks and crannies.

The first traces of human life on the territory of today's Karlovac date all the way back to 3500 BC. The construction of the Karlovac fortress started on July 13, 1579, and every year on this very day the town celebrates its birthday. It has been built in the shape of a six-pointed star and is an outstanding example of a perfect Renaissance town. It was a military town for three centuries, after which it obtained the status of a free royal city. Thanks to various craftsmen and lucrative trade, at the beginning of the 19th century Karlovac was the richest town in Croatia.

To whichever part of Croatia you want to go, you always have to go through Karlovac. The town is sometimes hidden by the autumn fog, but be curious and discover what the fog is hiding. The Star (the Old Town), the old Dubovac castle, Radićeva Street, connecting the Kupa and Korana rivers, the Aquatika freshwater aquarium the town theatre (Zorin dom), the Town Museum, different monuments as silent witnesses of history and culture, the parks, the small, intimate restaurants and clubs, the beaches, bridges, the Grain Boat, the Midsummer Bonfires, the Starry Summer, the River Cinema, the Birthday Ball on the day the town was founded, the Beer Days and many other events... or, if you need a break from all that, just go, as the Little Prince did, at your leisure, towards a spring on the Korana bank and enjoy the magic of the rising sun while the town is waking up. Karlovac has a very personal relation with every one of us, whether we were born here or are just passers-by. Because even the tiniest footprint on its soil will be there forever, indelible both for Karlovac and for all that ever visited the Town. Let this be a smiling imprint!
